# INTRODUCTION

# YODDHA GIRL

## VOLUME 2 : TRAINING DAY

### *Previously in Vol. 1:*

Arya Sharma failed her exams, ran away from home, landed in a secret Himalayan monastery, and—because destiny is a troll—got chosen by the **Eternal Flame of Shakti**. She never wanted to be a superhero... but the Flame didn't care.

Now in **Vol. 2**, Arya learns that escaping her life was easy. Surviving superhero school is **MUCH** harder.

The Immortal Yoddha program demands:

- Shaved heads
- No junk food
- No dating, no music
- Zero fun
- And brutal training

While the other recruits chase glory, Arya mostly falls asleep in class, crashes into things, annoys ancient monks, and still can't control the chaotic flame inside her.

But everything changes when an Asurax monster starts destroying Shimla...and the Rudras uncover a **traitor inside the Academy**.

Now the girl who can't get through warm-up drills might be the only one who can save her friends, her family, and the entire Academy—using powers she barely understands.

**So many questions remain unanswered: Why the Asurax want to destroy the flame? Is Arya becoming a weapon of these supervillains? Will she save the academy or destroy it herself?**

Fast, funny, action-packed, and explosive, **Yoddha Girl – Training Day** pushes Arya closer to the destiny she's been running from.

**Welcome back to the fire. Welcome to the VMU Superhero Universe.**

# AUTHOR'S NOTE

*Thank you for picking up **Yoddha Girl – Volume 2**.  
Writing this one was a wild ride—even for me.*

*If Volume 1 was Arya's chaotic, hilarious crash-landing into the Rudras Superhero Academy, Volume 2 is where she truly begins her journey. This is the book where she trains, fails, rebels, grows, and faces the terrifying truth about who she really is.*

*As a creator, it was incredible to dive deeper into Arya's mind—her fears, her insecurities, her stubbornness, her bratty humour, and that spark inside her she doesn't yet understand. Watching her evolve from "I just want to run away from my life" to "Fine, I'll save the world... but on my terms" has been one of my favourite storytelling experiences.*

*This volume also marks a milestone for the VMU Superhero Universe. We begin to connect cosmic threats, the Asurax, the Rudras, and the deeper mythos that links Yoddha Girl to the Age of Kalki timeline. You'll notice the stakes get higher, the battles get bigger, and Arya's flame—both literally and metaphorically—begins to roar.*

***More importantly, why the Asurax want to destroy the flame? Is Arya becoming a weapon of these supervillains? Will she save the academy or destroy it herself? And the biggest question of it all – why did the flame choose Arya?***

*Thank you for supporting this universe, this character, and this crazy dream of mine to build India's largest superhero world. I hope Arya makes you laugh, surprises you, breaks your heart a little... and makes you believe that even the most unlikely person can rise.*

***Welcome back to the fire.***

***Welcome back to Yoddha Girl.***
